Mike Houlden, Admin Assistant

Administrative Report

March 2024

TESLIN ROADS

Please be cautious driving and walking as conditions can be slippery. As the weather continues to warm, we will be steaming culverts so watch for the crews working. Sweeping equipment will be out and about, so be aware and give equipment space to work safely.

If there are any concerns with the road conditions, please call the office.

SOLID WASTE FACILITY/RECYCLING

The solid waste facility hours are as follows:

Sunday, Monday, and Tuesday are Closed to the public.

Wednesday, Thursday, and Friday – Noon to 5:30 pm

Saturday – 09:30 am to 4:30 pm

STOP and see the attendant before dumping.

There is no after-hours access to the facility so please plan accordingly.

When disposing of construction waste in the designated pit, please ensure that you drive as far back as possible and deposit the waste into the pit.

Recycling bins need to be at the end of your driveway by 9 a.m., Wednesday mornings for pickup. Please ensure there is no garbage in your recycling bins. There has been a change to some materials that can be recycled, information about what materials can be recycled will be available soon.

An average of one refuse bin a week is being sent to the Whitehorse landfill for disposal. Everyone is encouraged to do recycling at home, and at work to reduce the amount of material that goes to the landfill.

LAGOON AND SEWER SYSTEM

All sewer lines are in working order. Please be aware and careful of what is being flushed down the sewer system. We have recertified the lagoon facility and have received an operating permit for an additional five years.

We have been having issues in the sewer system with items being flushed that should not be. Please ensure that you only flush items meant for sewer systems. VOT sent out a poster to help people identify what can and can't be flushed. If you need a copy, you may contact the village office.

WATER QUALITY/ WATER DELIVERY

The Water Treatment Plant (WTP) is in good working condition.

If you plan to be away, kindly inform the office so we can make adjustments to your water delivery schedule. Failing to do so may result in avoidable delivery charges and potential flooding.

Kindly ensure that spouts and tank whistles are in good working order and that lids are closed to help avoid water overflow.

Please ensure your driveways are clear and **accessible for the water truck** and that the path to your fill spout is clean of dog feces, and obstacles.

The new water truck is in service delivering water. Our annual report for 2023 has been submitted to Yukon Water Resources and Environmental Health.

When constructing new buildings or renovating buildings please contact the Village office to get a copy of the water bylaw to ensure your water systems comply.

With the increasing demand for water delivery, schedules may be changed from time to time.

If you have any questions regarding the new bylaw, please reach out to our office.

DOG CONTROL

The animal control bylaw is available on our website www.teslin.ca

Please ensure your pets are secure on your property. We take dog control very seriously and are actively pursuing loose dogs. Our public works staff patrol for stray dogs 7 days a week and we continue patrolling in the evenings. If you have stray dogs wandering on your property, please call the Village office.

If you need materials to secure your dog on your property, let us know and we can provide them to you.

If your female dog is in heat, please keep them secure in your yard or home to help avoid dogs packing in groups.

Once a dog is picked up by our staff, we notify the owner and if they are not picked up by the owner after three business days, they are sent to the animal shelter in Whitehorse.

The Village of Teslin has partnered with the Yukon Government & Humane Society on a dog surrender program, so if you need to surrender a dog, please give us a call and we can assist with making arrangements.

PROJECTS

The Village of Teslin's Municipal Administration building is now complete.

The landfill scale project is currently under construction and this project will be finished in the spring.

TTC and the Village of Teslin are seeking funding to complete permanent flood measures and are in the planning and permitting stages.

In collaboration with TTC, we are actively developing a community wildfire protection plan. Your feedback is very important to us, so please respond to any questionnaires.

If you think that there is an important project that you think the Village of Teslin should consider. Don't hesitate to drop us a line, we want to hear your suggestion.

STAFFING

I (Cole Hunking) will be resigning from my position as Public Works Foreman at the end of April. I would like to thank The Village of Teslin for hiring me as a young worker and for all the great years.

Please look at our website or contact the office to see any vacant positions.

Check the electronic sign or our website www.teslin.ca regularly for updated notices and messages.

Spring update

From the Nisutlin Bay Bridge team, Government of Yukon

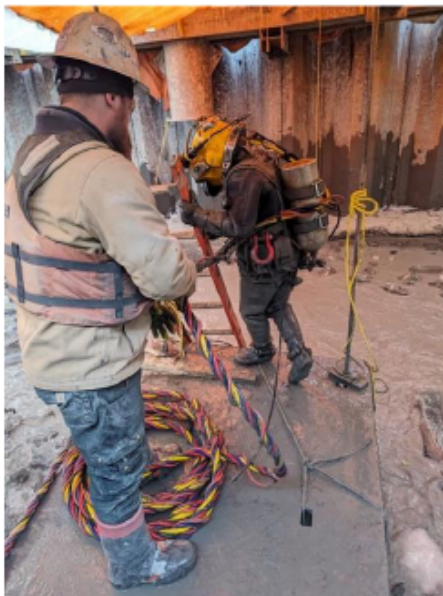

Hello Teslin! We wanted to provide you with an update on what's been happening on the Nisutlin Bay Bridge replacement project lately.

This winter, you may have noted significant progress made on the bridge. Three of six concrete piers are now finished while work continues on the remaining three.

This spring, steel beams will be installed between the piers followed by construction of the bridge deck.

This t-shaped structure called a pier is a permanent piece of the new bridge. Three of six piers are now complete.

A diver prepares to go into the water. The team works to clean underwater surfaces of silt and debris.

We'd like to highlight the work of the diving team. Their work involves removing silt and debris underwater to allow construction. In these cold temperatures, that's no easy job!

We would also like to acknowledge the continued commitment by Environmental Dynamics Inc. (EDI) and the Teslin Tlingit Council (TTC) for their ongoing work to minimize impacts to the environment and to protect fish and water quality.

EDI has been hired to collect any fish that have been found in work areas and relocate them safely back into the bay. They also monitor underwater noise levels during piling activities. We're also working closely with TTC staff to review plans and adjust operations when required to minimize any impact on the environment.

If you're interested in learning more about the environmental monitoring portion of this project, feel

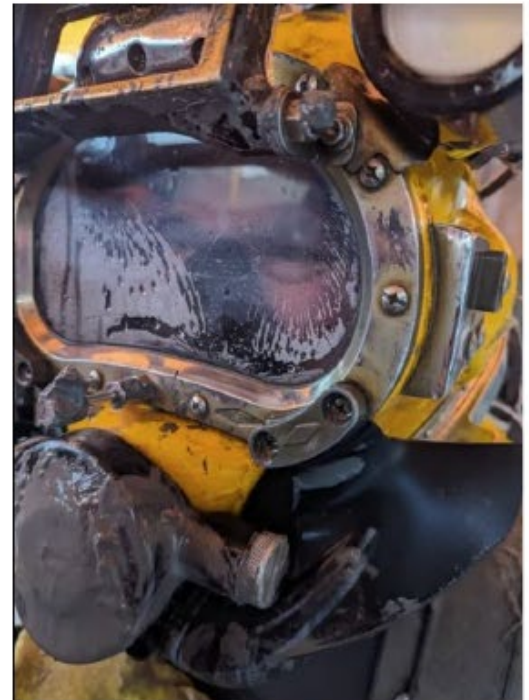

free to reach out to Collin Remillard, our manager of environmental and regulatory affairs, at Collin.Remillard@Yukon.ca. You can also reach TTC L&R Environmental Technician Stefan Howarth at Stefan.Howarth@ttc.yt

Throughout every phase of construction, we are committed to keeping the TTC, Teslin Renewable Resource Council, the Village of Teslin and the community informed and engaged.

Speaking of which, stay tuned for more information about an upcoming open house we will be hosting in Teslin this spring. It will be a great opportunity to come and meet the project team and ask any questions you may have.

Have any questions before then? Email us at hpw-info@yukon.ca or visit <https://yukon.ca/en/nisutlin-bay>

Thanks again and watch for more updates as the project continues.

A diver emerges from the water.

Here's an aerial view of Teslin. The wooden structure on the right is a temporary bridge used for moving equipment during construction of the new Nisutlin Bay Bridge.

March Rec Report

What a month!!!

March is always so fun in the rec world with the sun shining and events happening, but it sure is busy.

The **5th Annual Teslin Lakespiel** was another HUGE SUCCESS thanks to all the teams, sponsors, supporters and spectators.

We had 16 teams this year competing for the illustrious Lumel Studios glass curling rocks (trophies) amidst chilly temperature, sunny bluebird skies, and pristine ice conditions.

1st Place – Rock Bottom (Whitehorse)

2nd Place – Curls for the Girls (Teslin)

3rd Place – Slo-Throw Sweepers (combo team)

The 'Smells Like Team Spirit' 90s Dance Party Tent earned top judges picks for the Tailgate Competition prize package. The idea is to keep each other warm and fed and all tailgaters did just that- we are loving how people are stepping up their tailgate game.

The winner of the LilyPad Soup contest was GRAHAMs Buffalo Chicken, which just edged out 2 more votes than last years' winner Margaret and her Potlatch Stew. Thank you to all 9 soup entrants, you are the real unsung heroes of the Lakespiel. Thinking of adding a Sunday Chili Cook Off next year too... thoughts?

Huge shout out to VOT Public Works for all the hard work prepping things; to GRAHAM for keeping things warm and lit up (the fireworks were super sweet!!!); and to the game day volunteers and our Sunday morning ice repair crew. What a great community event!!

It was a beautiful weekend for the return of the **Snowmobile Drag Races**, which were hosted by the Teslin Motorsports Club (the newest branch of the Teslin Recreation Society) on March 9. Racers came from all over to compete in different classes and spectators were treated to an action-packed day. The Rec Society hosted a Spaghetti Dinner to cap it off.

Thank you to TTC Executive for stepping up to run **Mini Rendezvous** events this year. Hopefully as a community we can ensure the continued success of this vital community event in the years to come.

Lakespiel 2024

1st Place

2nd Place

3rd Place

March Rec Report Continued

We were then off to Kloo Lake, outside of Haines Junction, for our **Youth Bison Hunt** with a group of 7 youth and 4 adults. Despite a few little hiccups like extreme winds blowing the boys wall tent off during the 1st night (and having to scramble the group inside the cabin), sick kids, and a broken-down skidoo it was our **FIRST SUCCESSFUL HUNT!!** Steve Kremer and Roger Smarch were able to travel ahead of the core group on the 2nd day of the hunt to scout out an area we heard the bison were in, and came back with news of the successful harvest of 2 cows. Given the time of day and split up of the group, we all travelled back to camp together for the night before returning the next day to quarter and bring home the harvest. Youth helped start a fire, skin and pack meat while a lot of wet snow fell. It was a cold but accomplished ride back to camp for our last night rib (pork) feast. Camp tear down and clean up went well and we were headed back to Teslin on March 17. We hung the meat in Rogers cache for a day and then cut up and ground our meat with the help of camp participants and several community members on March 18. Thanks to funding from Teslin Renewable Resource Council and Youth Developmental Asset Program (YDAP), the Youth Bison Hunt was a huge success with the harvest being shared amongst participants and rec program freezers.

The **First Assist Hockey Program** wrapped up with a fun bonus week that included a skills competition and parents game the week of March 18. It was really great to have coach Aleks in our community for 9 weeks and we noticed a big difference in the youth who participated both on and off the ice. We are eagerly moving funds around to be able to do a short run of the program to kick off next hockey season, and will seek out the funding to run the full program again in Winter 2025. Even more emphasis will be put on school commitment moving ahead and we can't wait to see the further development of our 'student-athletes' here in Teslin. Thank you to the Crime Prevention Victim Services Trust Fund (CPVST) for supporting this program!!!

We did one extra week of **Minor Hockey** after Aleks returned to his family in Serbia, but everyone was seeming a little played up so we will call it a wrap on an excellent hockey season. Our **Wrap Up Dinner and Awards** will be held on April 16.

The **Teslin Tigers Cross Country Ski** season wrapped up their season with a trip to **Mount Mac** on March 20. We challenged the 4 youth who went to push themselves to ski a little further than ever, so that we could have lunch at the beautifully situated Harvey Hut. Coach Fran helped keep morale high and shared a little treat from the Easter Bunny before we made our way back to the main chalet. It was a great season thanks to Jed taking the lead in getting these young skiers out on a weekly basis this winter.

March typically is a wrap on many of our winter programs and we are hopeful that less snow and warming temperatures might help minimize the awkward transition period. We are so excited, in fact, that we are launching our new spring programs a little earlier on the April schedule this year.

Returning Spring Programs include **Young Explorers** on Mondays, **Rookie League Baseball** on Tuesdays and **Bike Club** on Fridays. These programs will take place in the afters school time slot, meeting at the Rec Plex.

March Rec Report Continued

Also returning is **Group Fitness** on Tuesdays and Thursdays at 5:30pm at the Rec Plex, **Ball Hockey** on Tuesdays at 8pm in the arena (starting when the ice goes out), **Futsal** (indoor soccer) with volunteer coach Kevin on Thursdays at 5:15p starting at the school (until we can move to the arena), and **Basketball** for grade 7+ Friday nights at 7p at the school.

Coach Greg will be back to run **Boxing** on Friday April 5, 20 and May 10. Age 7-11 sessions will run at 4:30-5:15p and age 12 + with adults will run at 5:15p.

We will run another **Art Workshop With Jackie Irvine** on April 15, with limited participation space and a fee of \$45. Please sign up by April 10 for this great opportunity to learn from a well known Yukon Wilderness Painter. Ayla will also be keeping more art on the go with a **Youth April Art Project** that will run Wednesday April 10, 17 and 24. We are also asking for sign up for this program, but there will be no fee to participate.

Parents & Tots continues on Saturdays at 1:30pm at the Rec Plex and will be hosting a special **Spring Baby Fling** on April 20.

With April comes the return of **The 4-Week Challenge**, which will start on April 2. The 4-Week Challenge is a checklist of lifestyle guidelines to help you achieve physical and emotional well-being. The guidelines cover a broad spectrum of positive behaviours that reinforce good habits and act as daily reminders that the little things do add up! We will be running it as a participation-based contest, just encouraging people to do their best. Regardless of checkmarks earned, if you make an effort to fill out the checklist you can send it in at the end of each week to be entered into a draw for a gift card or gym membership. If you submit your checklist each of the 4 weeks you will be entered into the grand prize draw of a \$500 Air North Gift Certificate. The 4 Week Challenge is open to everyone and we have modified the checklist for kids. Sign up by emailing teslinrec@teslin.ca to receive your checklist each week.

The **Teslin Rec Society AGM** took place on Wednesday March 27. We are so excited about the renewed energy of the group and commitment to do more for the community as a board. Over the past year we absorbed the *Teslin Seniors* and *Teslin Curling Club* bank accounts, and in addition to these 'subcommittees' we added a whole new one with the formation of the *Teslin Motorsports Club*. We did events, dinners, and fundraisers and helped renew some good community and volunteer spirit. Thank you to our past board members, huge high-fives to our returning core group and welcome to new board members Kelly Howard, Rhea Steiner, and Caitlyn Collette. Stay tuned for lots more from this dedicated group.

We invite the public to come to our meetings and get involved with one of the many sub committees and events of the Teslin Recreation Society.

As always we welcome your feedback, ideas, input and involvement.

@ REC PLEX

GAMES | LUNCH | FUN

Dear Teslin Community Organizations;

Each year the municipality is given a defined amount of Community Lottery Program funds by Lotteries Yukon to distribute in the community for sport, recreation, arts and culture.

In order to make this process as equitable and transparent as possible, Village Council has passed a policy which encourages all community organizations to plan and identify in writing to Council twice a year any funds that they require to operate their programs.

The community lottery program funds will be distributed based on applications for the funds. Application packages are available from the Village of Teslin office. Applications are due by 4:30 PM Wednesday, April 17, 2024, and all groups will be notified shortly thereafter.

If your organization received lottery program funds in October 2023 a summary of what the funds were used for must be submitted along with your application.

Council looks forward to receiving your application and if you have questions in the interim with regard to this process, please call the Village Office.

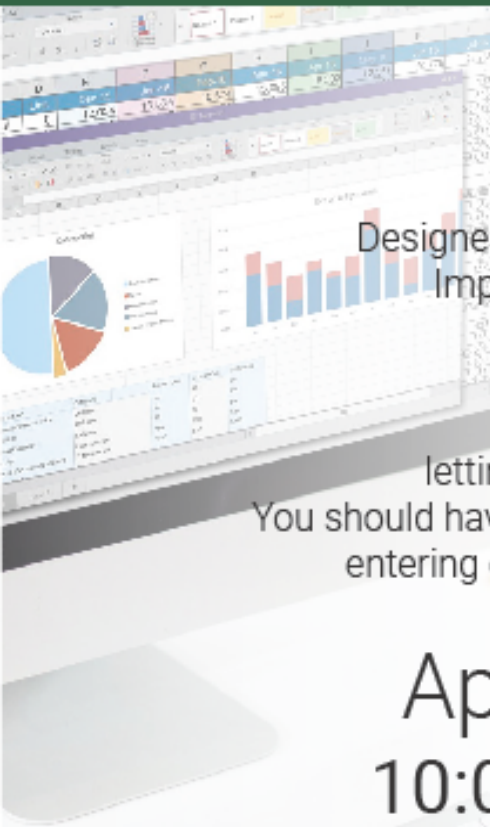

Personal information is collected under the authority of the Public Lottery Regulations and will be used only for the purpose of administering the Community Lottery program. For further information, contact General Manager, Lotteries Yukon, 101-205 Hawkins Street, Whitehorse, Yukon Y1A 1X3 or (867) 633-7899, toll-free within Yukon 1-800-661-0555, extension 7899.

Casual Administrative & Evening Support

The Teslin Campus is currently seeking people who may be interested in working as administrative and evening support on a casual, on-call basis.

We are seeking people with the following skills and abilities:

- Ability to troubleshoot technical issues with computers, Zoom, internet, and audiovisual equipment.
- Excellent customer service skills and phone etiquette.
- Excellent interpersonal and communication skills (verbal and written).
- Well-organized, flexible, and reliable.

The purpose of this call is to establish a list of potential casual employees who can provide backup coverage in case of absence by permanent staff.

A cover letter and résumé are all that is required to apply.

Getting on the auxiliary on-call list does not guarantee employment.

This is an open call. There is no deadline for submissions.

Food Safe Level 1

Online - on demand

\$88 (plus GST)

Community members may be eligible for a subsidy from the Teslin Community Campus Committee

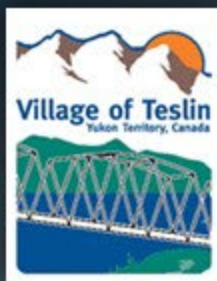

**Yukon
University**
TESLIN

FOODSAFE Level 1 is an online food handling, sanitation and work safety course designed for front-line food service workers such as cooks, servers, bussers, dishwashers, and deli workers. This is usually a requirement for anyone in the food service, even casually.

This course covers: Causes of foodborne illness, microbes and foodborne illness, food safety plans and HACCP, food handler health and hygiene, receiving and storing food safely, preparing food safely, serving food safely, cleaning, sanitizing and pest control, premises requirements.

Learners have 20 days to complete this seven-hour course. You can take the course at home or use the Teslin campus computer access.

For more information and to register, contact the
Teslin Campus at 867 390 8800
TeslinCampus@yukonu.ca

How does a mop head end up in the sewer system?

"You'd be surprised what gets down there.. You would be amazed what comes through the sewer!"

When materials that are not meant to be handled by the system get into the sewer, it causes problems. The grinder pump chops up the material coming through the system, but when a non-flushable item comes through, it can cause an overload or clog the grinder rings.

Don't Flush Trouble

Medicine

Wet Wipes

Feminine Products

Condoms

Cigarette Butts

Clothing

Hair

Cat Litter

These items belong in the trash can. The label might say "flushable" but disposable wipes and other products are clogging sewer pipes and damaging pumps and aerators.

 Teslin Recreation
23h · 

We are still looking for our 2 kicksleds (small pink and large??) that we're loaned out at the end of last year. PLEASE return them. They are a big part of our upcoming programming. Thank you!!

Teslin Recreation continues to provide the community with many activities. The Teslin Recreation Facebook page will be a primary source of communication about what we have on the go.

<https://www.facebook.com/people/Teslin-Recreation>

In case of an Emergency the following places in Teslin has Naloxone Kits

- Teslin Rec Department 390-2530/332-2050

- Yukon College 390-8800
- Yukon Motel 390-2575
- Teslin Health Center 390-4444
- Teslin Health and Social 390-2532 ext. 358/383
- Teslin Tlingit Council Finance 390-2532 ext. 343/348
- Teslin Tlingit Council Admin Building
- Teslin Tlingit Council Workforce Development 390-2532 ext. 316
- Teslin Tlingit Council Capital 390-2532 ext. 391
- Teslin Tlingit Council Justice Admin 390-2532 ext. 401
- Teslin Community Safety Officers 384-1212
- Teslin RCMP 390-5555

Teslin EMS

WE NEED YOU

Are you interested in giving back to your community?

Teslin EMS is looking for volunteers that are interested in having a big impact on the Community of Teslin and surrounding area.

We provide all Uniform & Safety items

Training is provide and paid for.

You would have the opportunity to work with a great group of people.

Right now our crew is very small and we cannot met the community needs, we have many days each month that we have NO coverage in Teslin

Don't wait until it is your family member that needs our service and has to wait a minimum of 2.5 hours for an ambulance to come out from Whitehorse.

GET INVOLVED NOW

If you are interested or have questions give me a call

Patty 334-3047 or 390-2101

EMERGENCY PHONE NUMBERS

Call 9-1-1 in an emergency

If you or someone else is hurt or in danger, phone 9-1-1 to get help from RCMP, the fire department or emergency medical services (EMS).

Call 9-1-1 when there is:

- a life-threatening emergency or medical situation
- a crime in progress
- a fire
- a serious accident
- an exposure to, inhalation or swallowing of a poisonous substance

Do not call to test 911. It is working!
